

PROFESSIONAL TECHNICIANS |

PTI Mobile Lab (www.ptimobilelab.com) seeks an experienced full time Mobile Phlebotomist who has a passion for caring for people and has a minimum of two years' experience (mobile experience a plus).

As a PTI Phlebotomist, you will be assigned to one or more of our regional service areas (Pennsylvania, Delaware, New Jersey, or New York) and will be responsible for the procurement of blood and other laboratory specimens from home-bound patients and patients at facilities such as nursing homes, drug rehabilitation centers, and adult day cares.

This position requires attention to detail, a great attitude, empathy, patience, a caring spirit, and excellent organizational and problem-solving skills.

RESPONSIBILITIES:

- Provide patients with the highest level of care.
- Uphold the highest level of ethical behavior.
- Follow policies, procedures, and requirements stipulated by PTI Mobile Lab and our partners.
- Procure blood and other laboratory specimens from patients utilizing standard venipuncture (and other appropriate) procedures.
- Process specimens (centrifuge, pipette, and freeze when required).
- Transport specimens to local lab or PSC for processing.

REQUIREMENTS:

- Valid NCPT Phlebotomy certificate by NCCT, NHA or a current certification by an accepted certifying agency for phlebotomy.
- This job requires employees to demonstrate initial and annual competencies in order to remain in the position.
- Smartphone, computer and printer
- Reliable, efficient transportation (THIS IS A MOBILE PHLEBOTOMY POSITION) with valid driver license and proof of current liability insurance

Compensation is variable based on accurately completed draws or specimen collection plus mileage reimbursement. In addition to base compensation Pay for Performance incentives are available as well as 401(k) with employer match, health care, and profit sharing.

Immediate openings. Multiple positions available. We are a growing company with opportunity for dedicated, motivated, individuals who perform well.
